

# TO REALLY LOVE

Time Signature: 4/4

**A F#/A EM D**

**To really love  
To really care  
To really feel  
To really share**

**To really hurt  
To really bleed  
To get down and dirty  
And feel you brother's need**

I see a lonely man, on a busy street  
I see the lonely street  
Will I pass him by (again), or will I take a moment  
I see a broken child, with a broken life  
Can I feel his rage, can I hear his cry

## **CHORUS**

I see a street walker walking down the street  
She's gonna be sold again, so her kids can eat  
I see a company man, she is the company he seeks  
He's got a family at home, but his flesh is weak

*I ain't gonna live here no more, no more (x2)  
I'm sick and tired of all my selfish ways,  
I'm done with my selfish days  
I'm gonna pack up my bags and throw it all away  
I'm tired of this oneway street where I've been staying  
There comes a day you gotta make a change  
I gotta make a change, if your ever gonna really learn (love)*

## **CHORUS**
